

September 10, 2023

Dear Math Department Chairperson or Mathematics Team Coach:

Kickapoo High School and OTC Richwood Valley are hosting a Math League (ML) tournament on Friday, December 8th. This contest is being directed by Tyler Evans of Kickapoo High School and will be held on the OTC Richwood Valley campus between Ozark and Nixa. A map and address is attached to this letter. Your school is invited to challenge its students to participate in this exciting event. Tests will be provided by ML and a complete description of the events is available at the website listed below. The registration fee is \$10.00 per student, and all students are encouraged to compete in any or all events. You will need to make arrangements to pay Sonya Land at MCTM in advance (preferred) or bring payment to the competition.

Here is the link for registration for the December 8th Math Competition at OTC Richwood Valley.

<https://mathleague.org/register0.php?event=10858>

This tournament is part of a series of contests sponsored by ML across the United States, and MCTM in Missouri. Qualifiers will be invited to compete at the state meet on April. Cutoff scores for state qualification are included in the contest descriptions, and qualifiers will be mailed details in early April. For more information about ML, check out the ML website at <http://www.mathleague.org>.

The schedule for December 8th will be approximately as follows:

8:00 – 8:20	Registration in the lobby of OTC Richwood Valley
8:20 – 8:30	Coaches/proctors meeting
8:35 – 9:35	Sprint Round
9:40 – 10:40	Target Round
10:45 – 11:05	Team Test
11:10 – 11:45	Relay Round
12:15 or ASAP	Awards

Each school is required to send at least one coach/sponsor to assist in scoring or proctoring while the students are testing. Schools bringing more than 18 students should bring one sponsor for each 18 students. Please let us know the names of coach/sponsors in advance.

Entry deadline is December 5th. Entry fees can be paid on the day of the contest and small changes can be made in the student information on that day. However, it is requested that most names and grades of participants be entered **by December 5th** if possible at the link above. (Feel free to e-mail changes throughout the week prior to the contest.) Please make all checks payable to: MCTM. You can also pay Sonya Land directly with a credit card by phone (314-322-3757).

Parking information will be sent to those participating in the contest approximately one week prior to the contest. Please note that the contest will be given on paper, so students will not need their devices.

If you have any questions, please e-mail Tyler Evans at tmevans@spsmail.org.

I can't wait to see all of you on December 8th!

Tyler Evans
Math Team Sponsor – Kickapoo High School
